# Outline

- Overview of Beijing Normal University and Library
- Resource Development
- Access Systems
- Services and Outreach
- Collaborative Opportunities

### Quick Introduction of BNU

BNU, founded in 1902, is one of the best comprehensive university in China emphasizing teacher education and basic learning in both arts and sciences.

Quick Facts of BNU

### The campus

- 1 education faculty
- 22 schools and colleges
- 2 departments
- 24 research institutes (centers)

### Quick Facts of BNU

- One of the nation's first 10 key universities
- "211 Project" Construction Program
- "985 Project" Construction program

### Quick Facts of BNU

- over 3,000 faculty
- 21,000 full-time students
  - 8,700undergraduates
  - 10,000 graduates
  - 1,800 long-term international students, 65% of whom are pursuing academic degrees

### Quick Introduction of BNU

According to the assessment results of primary subjects in 2009 as issued by the Ministry of Education Academic Degree Center, the three primary subjects, education, psychology, and Chinese language and literature ranked first, and 15 other subjects ranked among the top ten in China.

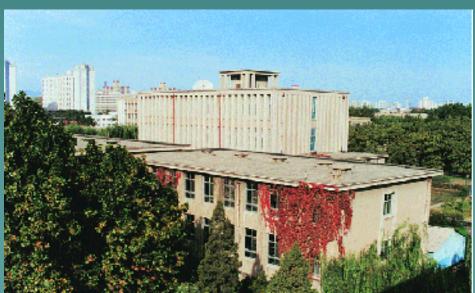

## Facts of University Library

- 135 Staff (including Librarians)
  - -48.86% Master Degree
- → 31126 User Accounts (2010)
- 4.06 million volumes
- 462,056 Check outs (2010)
  - -and Renewals 167,877

# The original building 1921

an independent library building was built with a total area of 600M2.

# **The old building** 1958 9300M<sup>2</sup> Demolished

Consisted of 8 floors stacks and reading rooms with 1000 seats.

### The "new" building 1989

**1500** seats

Funded by Mr. Shao Yi Fu in Hong Kong, the National Education Committee (MOE) and the university 13000M<sup>2</sup>

# The New Library 2011

37000 m<sup>2</sup> Consisted of 8 floors and 2 below floors

## Services and Outreach— User Education

- Online Workshops and Courseware Development Project
  - Funded by Dean's Office of University
- Curricular Study: Information Literature Instruction to Graduate Students:
  - Funded by the Graduation School of BNU
  - 专业学位研究生信息素质教育体系建设
- Doing research while marketing ourselves

## Services and Outreach — User Education

- Teaching and Research Oriented
   Service
  - Research Integrated IL instruction and service
    - Librarians involved in the Dean's Office Prize Projects (for undergraduate students)
  - A long way to go

# Services and Outreach – Faculty Services

 Novelty Search Service - Based on information searching results.

For faculty, researchers and doctoral candidates, library supply a report to verify their research applications are "new" based on information retrieval results to avoid duplicated financial supporting and duplicated studying.

### Novelty Search Service - cont'd

- In some situation, this is a mandatory policy;
- To save researcher's time;
- To make sure the fairness in reward or selection;
- Only a small number libraries are authorized (by Ministry of Education of China);
- Only authorized librarians can do it;

- Certification for Publications Academic Impacts (based on searching of SCI/SSCI/AHCI, El Compemtex...,)
  - For scholars and researches to apply the award, staff rank promotion.....
  - Not all libraries can afford those expensive Index databases, so some libraries offer this service to all users, inside and outside campus.

## Services and Outreach—Outreach

- Library Week/Month
  - Exhibitions, handouts, posters, workshops, special website, user survey, call for—My favorite book, My library story ......
  - The goals E-resources usage promotion, library services promotion, improving the Copyright awareness, communication enhancement, show off...

## Services and Outreach -

• A Year-Round Lecture Series - since 1990

## **Outline**

- Overview of Beijing Normal University and Library
- Resource Development
- Access Systems
- Services and Outreach
- Collaborative Opportunities

- We are keen to engage into global academic libraries community and enjoy programs of broad international cooperation and exchange
  - Hong Kong Baptist University; Hong Kong Institute of Education; University of Illinois at Urbana-Champagne; University of Alberta...
  - Book exchange; Librarians visiting; Training Projects...

- Resources Exchange and Share
  - -To enrich the variety of information
- Service Cooperation
  - Reference and consultation
  - Services may be limited by language barriers and by the lack of professional networks of information professionals across national borders

- Librarians Exchange Project
  - Hosting visit is appreciated very much
  - Join in our works...
  - Giving Professional training sessions, workshops, international seminar...
  - Bio-language course development, curricular study
  - Exchange of personnel and information, which may lead to further collaboration
  - Encouraging mutual understanding, inspiring each other, fostering global concerns and outlook...

- Global Collaboration in Research
  - Over 35% of articles published in international journals are internationally collaborative, up from 25% just fifteen years ago.
    - -- <a href="http://royalsociety.org/news/new-science-countries">http://royalsociety.org/news/new-science-countries</a>
- Extend the impacts of project by collaboration
- Promoting international standards, best practices
  - In digital content creation, description, dissemination, and preservation
  - In scholar publishing (IR)
- Extending librarians community
  - Librarianship, what it should be?

## Thank you!

谢谢!
